

THE FIFTH ANNS

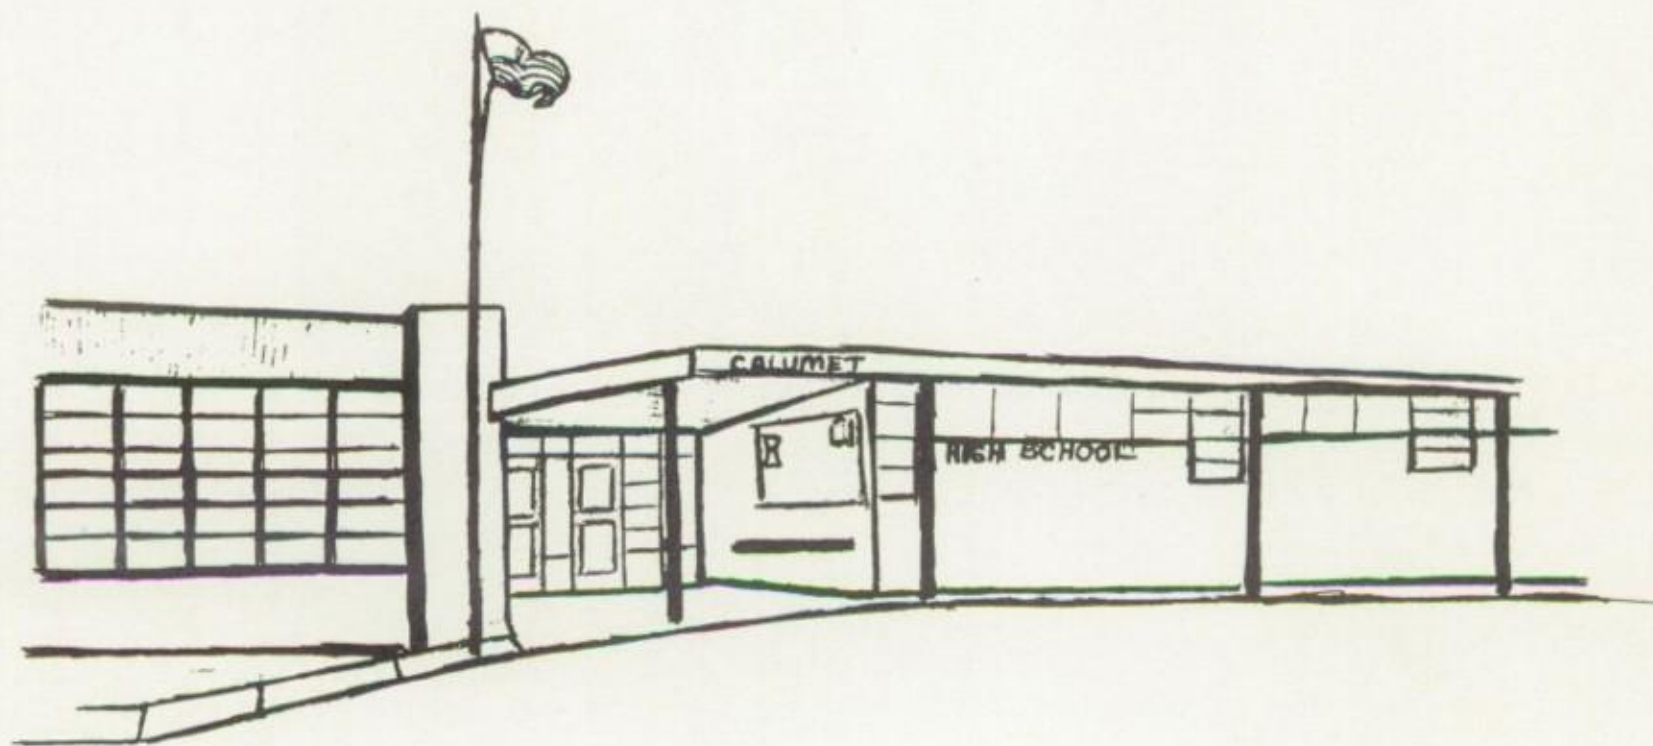

73

KG 39

500

This annual is respectfully dedicated to the memory of Rev. "Bud" Sielert, a faithful servant of God, who served his fellow man, his church, and his community. He was a man who loved people, and who always had time to visit with everyone, to counsel those with problems, to encourage the down-hearted, and to praise accomplishments, large or small. He involved himself in school activities which gave him much pleasure, and was the leader of many community projects that made Calumet a better place to live. He lived his life for others and truly exemplified the Christian life. He was a friend to all and we all have been blessed by knowing him. For these reasons we dedicate this book to "Bud".

There is always an effect when a group forms to do a certain job. The effectiveness is when each individual recognizes the weakness of all and helps to encourage teammate and coach alike to turn weakness into strengths. This, to me, is the greatest benefit that results from varsity sports.

As sponsor of the school newspaper, I would like to express my appreciation for this years newspaper staff. None of them had ever worked on the paper before. They took their assignments seriously and carried out their responsibilities faithfully. They also had the foresight to involve their younger classmates in news writings in order for them to gain some experience for next year. Thank you again for a job well done.
